## **Win for Climate Action: Council Supports Our Funding Proposal**

We're excited to share a major win for climate progress in Collingwood! On December 1, our Board Chair, **Catherine Daw**, delivered a powerful deputation to Council requesting secure funding to support Collingwood Climate Action Team's work over the next three years.

Council voted **6-3 in favour** — including our full request — with the funding proposed to come from the **Green Legacy Reserve Fund**. This is a strong endorsement of the value of community-led climate action and the impact we're making together.

The recommendation now moves forward to the **next draft of the Town's budget**. We'll keep you updated as it progresses, but for now, this is an exciting step toward long-term stability for our work and our mission.
